Curious George™

OFFICIAL T-SHIRTS

Materials

1 letter size (8.5" x 11") sheet of iron-on transfer paper

Color Printer

Scissors

Iron

Instructions

Hi Kids! Make sure that you always ask for a parent's or caregiver's help for before starting any project. You don't want to get yourself into mischief like Curious George so read the instructions carefully.

1. Purchase iron-on transfer paper at an office supply or art supply store, such as the following: Staples, Office Max, or Office Depot.
2. Choose or buy a white t-shirt on which you're going to put the iron-on design.
3. Print out the iron-on of your choice onto this special paper. (Hint: Don't worry, it's supposed to be backwards!)
4. Cut a large circle around the design on the paper so it's smaller and easier to work with.
5. Place the iron-on paper face down on your blank t-shirt, so that the design is facing down onto the shirt.
6. Iron and allow to cool according to the directions that came with the special paper.
7. Enjoy your official Curious George t-shirt!

NOTE: Designs with front and back prints, follow the steps above for each design.
